August, 2007

Dear Friends and Volunteers,

Thank you for your phenomenal work, efforts, and dedication that have helped in making Community Build Day 2007 the largest ever!

Today, you are part of a much-larger effort. Seventy-four financial services companies – members of The Financial Services Roundtable - are participating in more than **307** builds across the nation with over **3,000** volunteers. The impact and success that Community Build Day will make on communities across the country is staggering.

Community Build Day illustrates how the financial services industry literally builds its communities every day. Most days, we use computers and calculators; today, we use hammers, nails, and the spirit of volunteerism.

Thank you for being involved with your community, and for being part of Community Build Day 2007.

Sincerely,

Steve Bartlett
President and CEO
The Financial Services Roundtable
