

# COMMUNITY BUILD 2006

THE FINANCIAL SERVICES ROUNDTABLE

# Presidential Message

Karl Durant, Associated Banc-Corp, greets President Bush on behalf of Community Build Day on August 10, 2006.

I send greetings to those gathered for the 5th annual Community Build Day hosted by The Financial Services Roundtable.

We enjoy great liberty and prosperity in our Nation, and with these blessings comes a responsibility to give back to our communities and fellow citizens. I am grateful for the hard work and dedication of America's armies of compassion. By helping those in need, volunteers enable more Americans to realize the promise of our country.

I appreciate all those involved with the Community Build Day for your good hearts and your willingness to answer the universal call to love your neighbors. Your efforts demonstrate the best of the American spirit and inspire others to build a more hopeful society.

Laura and I send our best wishes for a memorable event.

A handwritten signature in black ink, appearing to be "GWB", written in a cursive style.

**“It was a great experience for our organization** and for a very good cause.”

– Brad Morrice, Chief Executive Officer, New Century Financial Corporation

**“This was great for us.** Our employees were so pleased to be part of this event. We still have another 25 volunteers going out on Aug. 23 in Portland, Maine. In Chattanooga, they had 50 employees go to the Children’s Home/ Chambliss Shelter this Friday to bring back-to-school supplies to 100 young students. Thank you for the opportunity. We’ll be proud to talk about this in our Corporate Social Responsibility report that will be produced in early 2007.”

– Cary Olson, Director of Community Relations, UnumProvident Corporation

**“Last year, in 2005, the Delaware banks worked on a repair and renovation** of a community center located in a low-income census tract in Wilmington visited often by families in the community. The building was old and run down. It had programs for senior citizens, day care for children aged 3 to 5 (over 100 children), and teens. Our efforts spruced up the center which was looking a little shabby as buildings do that have been well used, providing important community services.

This year we will partner with Habitat for Humanity. It is a great deal of work. But the Community Build Days, I believe, are very good for all parties -- banks, community and political leaders. I would encourage you to continue the effort. Thanks.”

- Terri Hasson, Vice President Community Relations, Citicorp Trust Bank, fsb and Citibank Delaware
